TRENTON, May 28.—The vote at the primary election here to-day was very light, up to this evening and Taft supporters claimed an advantage, after & careful canvass. Roosevelt men, however, declared that the workingmen's vote to-night would throw the balance to the Colonel by a handy mapority.

The most important of the State Presidential primaries began with the opening of the polls in New Jersey at 1 o'clock this afternoon. Politicians agree that the result in New Jersey will have a determining effect upon the outcome of the Republican National
